STOREFRONT GUIDE

1. Within the Unit Leader Portal's "Storefront Reservations" tab.

2. The system defaults to display all storefront shifts booked by Trail's End. You may filter to look for a **specific date**, or use the **search bar** to search for a specific location.

You also have the option to hide storefront shifts that have been **reserved, are in processing, or past reservations**

3. Once a reservation has been claimed, the time block will be grayed out and labeled as **claimed**.

4. Click the **"Reserve"** button to reserve your desired storefront block.

5. Once a storefront reservation block has been claimed, you can manage that reservation by clicking on **"Manage"** in the upper left corner of the screen.

From the Manage screen, you can build out your shift schedule, assign inventory or Scouts to a shift, record a sale for the shift, and view how the storefront is performing. You can also delete any storefront you no longer need by clicking on the **"Release"** button on the bottom right.
